

Calgary Spartans REFUND POLICY

A notice of withdrawal in writing is required. Please forward the notice to our registrar at registrar@calgaryspartans.com

- No refund for the \$200 X-Country registration fee (late August/early Sep-early Nov).
- 50% credit of fees for the full year first installment paid at registration in case of injury and inability to continue with training if withdrawal prior to starting indoor training (usually beginning of November after X-Country season finishes).
- 25% credit (criteria as above) if withdrawal before January 1 but after starting indoor training.
- No refund of the indoor training facility fees which we collect on November 15th and flow through to the facility providers.
- No credit if withdrawal between January and March.
- No refund of the Athletics AB membership fee we collect at registration and remit to Athletics AB.

We will not collect the second fee installment due March 15th if we offer a credit as per above, or if the athlete withdraws at the end of the indoor season (written withdrawal notice required).

The credit is good to use for the outdoor season or the following indoor/outdoor track year. It will be credited the athletes account, but not paid out if the athlete withdraws from the Club.

It is important that new Calgary Spartans athletes participate in the two-week free trial to ensure athletes and athlete families know what they are signing up for.
